	POTWs without active approved programs shall be evaluated for SNC, reported to EPA, and published, pursuant to 40 CFR 403.10(f)(2)(i). The first QR of the year, due February 28, shall also include a detailed listing of the active approved POTW pretreatment programs and developing programs including: Town name, POTW name(s) and associated NPDES permit number(s). For programs with multiple POTWs, the listing will also identify the key permit number for the program which is used for coding activities in ICIS-NPDES. Information for developing programs shall also include the SIU names, addresses, categorizations (if applicable); and if discharging, the SIU permit numbers used in ICIS-NPDES, the SIU permit expiration dates, and the average daily process flows (gpd).			11/30/13 (for period 7/13-9/13)	Region 4 uses this manual reporting from the program to verify the integrity of the coding in the data system and to serve as a secondary source for its compliance evaluation in the event data entry problems are identified. Information on a developing program is largely acquired manually.

21.	Provide assistance on National Wet Weather Enforcement Strategy Implementation. EPA’s wet weather initiatives are: CSOs, SSOs, stormwater, and CAFOs. EPA must conduct inspections and enforcement in these initiative areas. The States are requested to partner with EPA in the initiatives and assist EPA in reaching our goals.	Goal 5 of the Strategic Plan	EPA/State to conduct inspections; EPA to implement enforcement.	As initiatives are conducted.	Goal 5 of the Strategic Plan is entitled, “Enforcing Environmental Laws”	
22.	States should consider the relationship between point source dischargers and drinking water intakes in setting permit requirements and inspection and enforcement priorities.	National Program Guidance and Additional Program Guidance for Section 106	Outcome: Protect Public Health	End-year (12/31/2013)	Provide update on any activities related to the task.
